Dear Madam:

This letter confirms the delivery of the Administrative Record for the Monticello Vicinity Properties Project to the San Juan County Public Library. Pete Mygatt of the U.S. Department of Energy Grand Junction Projects Office delivered the subject materials on 29 June 1989.

Additions to the Administrative Record will be made periodically as documents are acquired. As agreed, these documents are not to be circulated but are to be available to the public as reference materials.

Thank you for your cooperation and assistance on this matter.

Sincerely,

D. Langdon
